2021	388	148	47	147	27	19	—	—	—	—	—	—	—

* Net new cash flow is the dollar value of new sales minus redemptions, combined with net exchanges.

Note: Alternative strategy mutual funds in this table are funds that employ alternative investment approaches like long/short, market neutral, leveraged, inverse, or commodity strategies to meet their investment objectives. Data for funds that invest primarily in other mutual funds were excluded from the series. Components may not add to the total because of rounding.
